TERMS OF USE

You are personally responsible for everything you borrow with your library card. If you lose your card you have to inform the library immediately.

If you do not return borrowed material by the due date you get a reminder which is later followed by an invoice. When you have received an invoice you cannot borrow any material until the overdue book is returned or paid.

The use of our electronic information resources is due to agreements with the publishers. This service includes licensed data, which is solely for scholarly, educational, research or personal use. Altering, recompiling, systematic or programmatic copying, reselling, redistributing, publishing or republishing of data is not allowed. Violations against these rules result in suspension.

THE UNIVERSITY LIBRARY

Library guide

LIBRARY GUIDE

ELECTRONIC RESOURCES

The library's electronic journals and electronic books are among the most important library resources for students, teachers and researchers. Under the headline *find database* on the library web site you will also find electronic resources such as dictionaries, encyclopedias, reference databases etc. To access these resources when you are outside the campus you can login using your BTH student account.

SUMMON@BTH

In Summon@BTH you search simultaneously in the library catalogue and the electronic articles, books, conferences and dissertations that are included in the databases we subscribe to.

LOANS

When you have registered your Swedish address as a temporary address in the Student's portal, you can activate your BTH card at the library where you will also receive a PIN code. In the library catalogue you can search for printed books held at the BTH libraries in Karlskrona and Karlshamn. Using your card and PIN you can login to the library catalogue and manage your loans and reservations. The loan period is three weeks, except for books with a reservation queue, which have a seven day loan period.

INTERLIBRARY LOANS

Books and articles which are not held by the library can be ordered through interlibrary loans.

COMPUTERS

When you have got your BTH student account you can use the computers in the library or connect your laptop to the wireless LAN. Printers and scanners are also available.

Contact Student center when you have questions about your account or computers at campus. Student center is in building D.

HOW TO SEARCH AND FIND INFORMATION

You can always get advice and support on how to search for information from a professional information specialist at the university library. To make an appointment, use the link *book a librarian* under the headline *Contact & visit* on the library website.

SEARCH GUIDES

Another good way to find information about the library and its resources is to use our online tutorials, the Quick search guide and the Search guide. You access them from the library website. You will get advice there about the Internet and finding information. Try it out!

PURCHASE SUGGESTIONS

We are happy to receive suggestions for media purchases. You can use the order form on the library web site. You find it under the headline *Search for information*.

MORE INFORMATION

You can find more detailed information for new students on the library website.
