

REFERENCES TO SPATIAL PLANNING THEMES IN RELATION TO SUSTAINABLE TOURISM DEVELOPMENT

The basis for the list is the work on developing the toolbox and the Luleå and Blekinge pilot studies in the ETOUR/BTH project:” Integrating sustainable tourism development with spatial planning at local and regional level”. The geographic focus of the literature is the Baltic but literature of interest from other regions is also included.

This reference list will be updated periodically.

"Project part-financed by the European Union"

Zoning as a planning tool

- Ankre, R. (2007). *Understanding the visitor. A prerequisite for coastal zone planning*. No. 2007:09. Karlskrona: Blekinge Institute of Technology.
- Ankre, R. & Emmelin, L. (2006). *Zoning and Opportunity Spectrum Planning in a Discontinuous Environment. Planning for Tourism and Outdoor Recreation in the Luleå Archipelago, Sweden*. Working Paper 2006:2. Östersund: ETOUR Mid Sweden University.
- Clark, R. & Stankey, G. (1979). *The Recreation Opportunity Spectrum: A Framework for Planning, Management, and Research*. U.S. Dep. of Agriculture Forest Service. Pacific Northwest Forest and Range Experiment Station, General Technical report PNW-98 December 1979.
- Day, J. (2002). Zoning – lessons from the Great Barrier Reef Marine Park. *Ocean & Coastal Management*, 45, 139-156.
